

KEY FEATURES

SELFIEforTEACHERS supports teachers' **continuous professional learning** needs for the development of their **digital competence**, incorporating pedagogical aspects.

-  individual **self-reflection** and self-reflection in a group
-  active **engagement**
-  immediate **personalised feedback**
-  **collaborate** and **share** with peers
-  **compare results** over time and with group averages

The tool is not designed to evaluate teachers but to **empower** them to **use digital technologies** in teaching and learning.

INDIVIDUAL AND GROUP SELF-REFLECTION

- start a self-reflection individually at **any time**
- take the self-reflection as **part of a group**, for example teachers within a school, in different schools or a training body
- share anonymous aggregated results to support a group to **plan** professional development activities and resources

COMPLETING THE SELF-REFLECTION

Teachers

- **create an account** that allows them to manage their self-reflections - as **individuals** or as **group creators**
- respond to the **self-reflection statements** in 6 areas of practice (takes 25 minutes - can be done in 1 or more sessions)
- **choose the order** in which to complete the statements
- **see results** of previous self-reflections
- **compare results** over time and with group averages
- repeat the self-reflection **as many times as needed to see progress**

IMMEDIATE AND PERSONALISED FEEDBACK

- when a teacher completes one area, immediate results and feedback are provided
- when the 6 areas are completed, teachers get an automatic personalised feedback report with results and suggestions to develop further

CERTIFICATE AND DIGITAL BADGE

Completed the self-reflection? Download or print a:

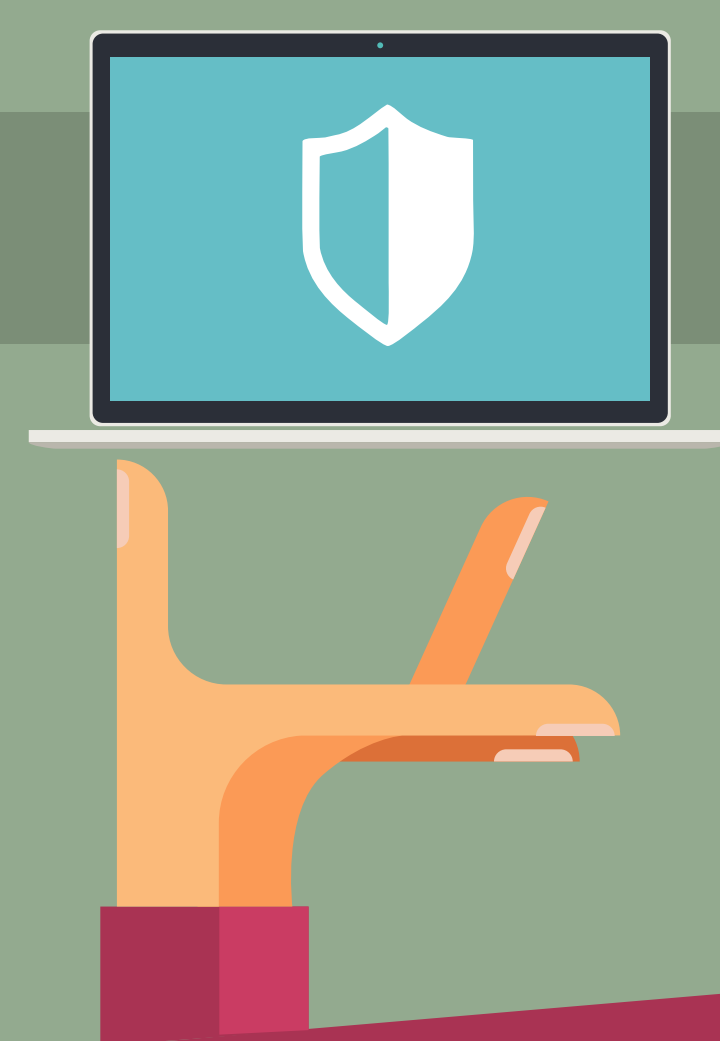

certificate of participation

digital badge

DATA PROTECTION

- all data is **anonymous**
- **teachers decide** whether to share their results or not
- the tool is hosted by the European Commission and is **GDPR compliant**

The tool can help teachers:

- **design** their digital competence development
- use digital technologies in **teaching and learning** and in their wider professional practice
- use results and feedback to **design professional learning paths** and build digital competence
- learn on a **continuous basis**
- compare **competence development** over time

SELFIEforTEACHERS is based on the European Framework for the Digital Competence of Educators (DigCompEdu) and is an initiative of the European Commission's Digital Education Action Plan (2021-2027).
